MILEY CYRUS

Miley's dad, Robby Ray, is kinda cool. Her mom died so he is a single parent and also Hannah's career manager. He's proud of his kids and is always there to give them advice – and sometimes sing them a country song too. Aww!

Nicknamed 'Smokin' Oken', Oliver is good pals with Miley and Lilly – and has to suffer much teasing from the pair. He is very protective of his one chest hair!

Miley's older brother, Jackson, is such a goofball! He is silly, crazy and loves a good laugh. He doesn't have much luck with the ladies, but maybe that's because he tries too hard.

Miley's best bud, Lilly, is a down-to-earth Californian sk8er. Her alter ego when she goes out with Hannah is Lola Luftnagle and she always changes the color of her wig. Cool!

A rockin' pop star, Hannah has tons of fans. By day, she's Miley Stewart, but once she puts on her wig, there's no stopping this cool and talented girl from singing her heart out on stage.

As the sometimes goofy and always scheming Jackson Stewart (Miley's older brother), Jason Earles is laugh-out-loud funny. That was clear when he auditioned to join the cast of "Hannah Montana." He had to play a scene with a ventriloquist's dummy. The idea was that Jackson would use the dummy to say things that he couldn't normally say. Jason was the only guy who managed to make the dummy funny – and the show's creators realized that he was such a good actor, they didn't need the dummy at all!

with Miley Cyrus similar to that?

I'm really super, hyperprotective of her. Every time we have guy guest stars, I eyeball them if they get too close to her. I just use the three-foot rule. If there are any male guest cast members that are within three feet of her, I back them off a little.

What's it like learning your lines for the show?

We actually get a new script or revision of the script every day. So, technically you have a day to learn your lines.

of chocolate pudding. I got to go face first into it. I don't know why I enjoyed it so much, but it was really fun.

What are the rehearsals like?

We have a motto: "Go big or go home." On the first couple of days of rehearsal, we all try to play and make big choices. Sometimes it's silly and it doesn't work, but a lot of times you'll find your best stuff that way. Then if it's too much, the producers are your extra set of eyes and they'll make sure you don't

CHAT WITH JASON

What has it been like working on a hit show? Has it been hard to live a normal life? Do you get recognized a lot?

I haven't really had very much recognition outside of this, which, for my personal taste, that's kind of what I want. I enjoy coming here every day and hanging out with everyone and working, but the actual fame part of it is not what I'm really interested in.

Jackson and Miley have a very typical brother-sister relationship.

How is your relationship

Do the actors get to improvise if they think they can make a scene funnier?

If you see an opportunity for a good joke within a scene, we'll jump in and make suggestions to each other to try to make sure everybody in the cast gets the most mileage out of the script.

You have to do a lot of crazy stuff on the show.

Do you like that?

Yes, I get really excited when I get the script for the next week, because I open it up and say, "What are they going to do to me this week?" My favorite is the episode where Billy Ray and I prank each other back and forth. And it kind of escalates to the point where I end up in a kiddie pool with, like, 420 pounds

do anything wrong.

Which songs make you want to get up and dance?

I think all the songs are really catchy. I find myself humming them all the time. They're kind of a crack up. I like "Open Up the Party." I sing that one in the shower all the time.

How do you spend your free time?

What free time? Just joking... I enjoy watching sports very much. Especially baseball, as I am a real Seattle Mariners fan. I also love to spend a good part of my free time playing video games.

Thanks, Jason! It was fun chatting with you!

party tips

Surprise! PARTY Throwing a party for your parents can be fun!

Remember when Miley and Jackson threw a surprise party for their dad? It was a bit of a disaster! Here's how you can do a better job of planning a party sure to please any parent!

Party tip

Make a list of all the decorations you want and buy them a week before the party. (Be sure to get the date right! Otherwise, you could end up throwing a party AFTER the big day, the way Miley and Jackson did!)

Party tip

Ask your brothers and sisters to help you out. (But, if you have a goofy brother like Jackson, you may not want to take all his suggestions to heart!)

Party tip

Make a list of everyone you want to invite. Don't forget to invite your parents' friends too. And be sure to swear everyone to secrecy – a surprise party isn't much fun without the surprise!

Party tip

Don't forget to buy a cool present! (If your first idea is something Jackson might suggest, think again!) If you're short on cash, write a letter about how much they mean to you – they're guaranteed to love it!

EXTRA

Ok, Robby Ray is crying because they forgot his birthday...but **YOUR** parents will shed tears of happiness when you throw a party for them!

PARTY-time

EACH ONE OF US HAS A SPECIAL AND CREATIVE WAY TO THROW A PARTY!

YOUR STAR SIGN WILL SHOW YOU HOW YOU LIKE TO HAVE A BLAST!

Do you like to play games at a party or just hang out? Check out your sign - and your friends' signs - to find out your favorite way to have fun!

Taurus

April 21- May 21

Jason Earles was born on April 26th, which makes him a Taurus!!

Those born under the sign of Taurus believe there's no place more fabulous than one's own home-sweet-home! That's why they love to throw parties! A pizza topped with everything will get the ball rolling.

Horoscope

Aries

March 21 - April 20

Guests who accept invitations to a fitness party know what to expect. Things get warmed up with a soccer or basketball tournament in which everyone participates - whether it's raining outside or the sun is blazing. Kick back afterwards enjoying fruity high-energy drinks and munching on healthy snacks, as you discuss great tournaments of the past.

Gemini

May 22 - June 22

People with a sense of humor come into their own at magic-themed parties! Have fun playing with glasses that look full (but are actually empty), objects that appear and disappear, fake ink stains and much more. Serve a buffet of fruit, cheese and fresh-squeezed juices.

Cancer

June 23 - July 23

For those born under the Cancer sign, a revival party provides the perfect opportunity to plunge into the distant or recent past. Have a ball dancing the twist from the 1960's or making yourselves up like grand dames of the 1800's. Keep trays filled with plenty of herbal teas and grandma's homemade cookies.

Virgo

August 24 - September 23

Virgos are real foodies - they love to try new recipes and serve the delicious results to their friends! Be daring and test cookbooks from around the world...after all, you never know when you'll discover a new taste treat!

Libra

September 24 - October 23

A fashion party is hard work, but even guests who aren't into high fashion can claim that the orange dress with purple circles is a vintage garment found in mom's closet. For even more fun, ask your guests to dress according to a theme, like '70's disco or '50's prom.

Leo

July 24 - August 23

The only physical effort required to participate in a movie party is the one guests make when they try to monopolize the most comfortable seats from which to enjoy this feature-length marathon. Munch on popcorn while watching, but no potato chips allowed - they're too noisy!

Sagittarius

November 23 - December 22

Everyone's invited to a four-legged party - dogs, cats, bunnies and turtles included! The main thing is having a chance to get together with friends to talk about how cuddly your cat is or how your ferret always scampers toward the door to welcome you home. Fruit juice and vegetarian pizza-snacks for all.

Capricorn

December 23 - January 19

Lightning reflexes and quick thumbs - the basic requirements for enjoying a video-game party. Early on, there's sure to be a lot of bragging and boasting about all the outrageously high scores guests have amassed during their video-game careers, but once play starts, it's performance that counts.

Scorpio

October 24 - November 22

For the sign that loves mystery, Halloween is the perfect occasion for costumes, decorations and snacks that create a spine-chilling atmosphere! Magical spider-web icing abounds on cookies flavored with apple and walnut, Scorpio's favorites. Disco music is allowed, as long as it includes something on the scary side!

Aquarius

January 20 - February 19

Aquarians love to have a suitcase in one hand and a treasure map in the other, then jump on the first plane or train they see. If they can't do that, then they'll dive into the pages of a world atlas and imagine the places they might go.

Pisces

February 20 - March 20

A dream-party is just right for Pisces, who spends hour after hour daydreaming. Send cloud-shaped invitations to your friends, serve sweets with names that bring to mind magical scenarios, such as Dream-Come-True Cake or Fairy-tale Tarts. Each guest must express at least three wishes - which will have better chances of coming true thanks to the help of friends!

get peeps to your party

Mobile Invitation

BE CREATIVE!

To make sure everyone remembers the big date, try following up your party invitations with text messages.

Vid-vite

If you can send videos on your cell phone, why not film yourself inviting people to your party? If your invite is that fun, imagine how rockin' your party will be!

TIP: If your phone sends photos instead of videos, ask a friend to snap a photo of you holding up a sign that says, "You're Invited!" or "Time to Party!"

Coolness countdown

Get your guests excited about your party by texting them beforehand. When there's two weeks to go until the big day, send a text saying, "2 weeks 2 go..." Then, with one week to go, send a text saying, "1 week 2 go! Can't wait!" Then, with three days to go, send a text saying, "3 days 2 go..." Then, the day before the party, send a text saying, "1 day 2 go... yippee! Time 2 get excited!!!!!!!" Finally, with just an hour to go, send a text saying, "Get ur lip gloss on girl, and get over here to P-A-R-T-Y! See u in an hour."

TIP: This could get expensive if you send messages to everyone on your guest list - so maybe just choose a few people to text.

Thanks for coming!

The day after the party, send all your friends a text to thank them for making your event so much fun.

TIP: To make your text more personal, write to each person separately and mention how they helped get the party started (for example, "Your jokes kept everyone laughing -- thanks!").

Don't miss it!
